

The Yacht Collection Portfolio

Private Yacht Charters

Because some places just can't be experienced any other way

The Motor Yacht Class

Simple Elegance

Ideal for Families & Value Shoppers

Sea & Be Seen

Ideal for first experience

Fast & Furious

Ideal for limited time

Bold & Beautiful

Ideal for large charter parties

Whether you select a yacht from our Simple Elegance Collection or all the way to our Bold & Beautiful, you aren't just chartering a yacht or taking another cruise, you are owning a lifestyle. Motor yachts are more ideally suited for a journey where time is of essence and style and on-board amenities are a must. Motor yachts offer speed allowing you to maximize your destinations. Often you can achieve 5-6 destinations in a 7 day itinerary. They reduce time on the water between destinations and make for a really good wow effect when you come into port! However, be prepared as motor yachts have higher fuel consumptions. The faster you go, the more you consume and fuel requirements can be high. Motor yachts are also more susceptible to adverse weather conditions and your Captain may require to alter your journey.

The **Simple Elegance** collection is our collection of older yachts that have been completely refit and offer great values, larger cabins and all the bells and whistles of our other collections without the higher charter costs. The Simple Elegance collection is perfect for families, larger groups or couples that want to experience a private yacht cruise without the over the top rates.

Our **Sea & Be Seen** collection is exactly that - you have to be seen in these yachts. The yachts are beautiful, stunning lookers and ideal suited for up to 3 couples in matrimonial beds and one Twin. Many of our yachts in this collection come with sun deck jacuzzis, a wide range of sea toys, upper deck bar, al fresco dining and much more. Our Sea & Be Seen is a charter favorite.

The **Fast & Furious** collection is fast and furious! They are ideally suited for charters that wish to be able to cover multiple destinations. In the smaller category of this collection is the perfect "island hopping" yachts. They come in either a dual deck design with a sun deck or a single deck and the roof comes off! Interiors are more modern in style. A wide range of budgets are available.

Our **Bold and Beautiful** Collection are our larger yachts that can accommodate multiple guests in matrimonial beds. This collection is primarily yachts with at least three decks and minimum crew of 7. They are your high end yachts ideally suited for multiple couples or two families looking to have their own Four Seasons private floating resort. Most of the yachts in this collection travel internationally.

Below rates are NOT inclusive of **Charter Extras (CE)**; APA (30% -35% of charter value for motor yachts plus fuel supplements), VAT (7-22% of charter value) depending upon location, flag registration and government imposed taxes, Re-positioning (if applicable), entry visas or customs clearance (if applicable), fuel costs for selected itinerary, crew gratuity and other costs associated with your charter. The rates are prior to **preferred pricing** and for planning purposes only. All rates are for a 7 day charter.

The Mega Yacht Class

Kings & Queens

Ideal for couples

The Aristocrats

Ideal for multiple families

The Big Event

Ideal for Corporate & Large Groups

Luxury & Beyond

Ideal for high profile guests

Our Mega Yacht classifications are ideally suited for larger groups, couples that want equally balanced staterooms, corporate charters and life event celebrations. This collection is often chosen when a charterer wishes to create his own private high-end luxury cruise. Because these charters are often funded by multiple parties, it is best to view these yachts on a per person rate based on occupancy. Once its broken down, the charter rates are no longer as dramatic. A Big Event yacht can be as low as \$50,000 a couple based on 22 guest occupancy making it quite comparable to a luxury cruise with a major difference that the entire yacht is yours for the duration! These yachts travel internationally and therefore its important to choose a desired destination and we will work with the Mega yachts in the area to reduce relocation.

Our **Kings & Queens** Collection are yachts that have cabin configurations of multiple Kings & Queens. This collection is for charter requests that require up to 4 balanced cabins with either King or Queen accommodations. If there are multiple couples sharing the cost of the charter, and each couple requires a comparable cabin, then this collection should be considered.

The Aristocrats is our collection of yachts that offer multiple matrimonial cabins, a classic design interior. Within this collection the yacht designers and their owners have chosen cabin comfort as their priority. This collection offers upper scale cabins that are often equally balanced and can often take up to 12 guests.

The **Big Event** Collection is for charter requests that require multiple matrimonial cabins and/or groups upwards of 20 guests. This collection is also ideally suited for corporate entertaining and major life event celebrations. Yachts within this classification travel globally and are not destination specific.

Our **Luxury & Beyond** Collection is our ultra luxury line. Each cabin in this collection is uniquely designed and often decorated by unique furnishings, art and rare sculptures. High profile venues are often conducted on these yachts. Many of these yachts have security personnel cabins in addition to guest cabins.

Below rates are NOT inclusive of **Charter Extras (CE)**; APA (30% of charter value), VAT (7-10% of charter value), Re-positioning (if applicable), entry visas or customs clearance (if applicable), fuel costs for selected itinerary, crew gratuity and other costs associated with your charter. The rates are prior to **preferred pricing** and for planning purposes only. All rates are for a 7 day charter.

The Sailing Yacht Class

Gone with the Wind

Ideal for family budgets

Green Luxury Redefined

Ideal for couples

Green Luxury

Ideal for ultimate sailing

The More the Merrier!

Ideal for large groups

In our Sailing Yacht Class there is a yacht for everyone's budget. This collection offer everything from sportive to ultra luxury while maintaining a green eco-friendly travel style. While sailing yachts may require more time to reach the next destination, they are friendlier with fuel consumption and the environment. Sailing yachts are the original way to discover the islands. On a sailing yacht it's all about the journey and not just about getting from one destination to the next. That's not to say that sailing yachts are slow - we have performance luxury sailing yachts that can beat top speeds on many motor yachts (with the right winds). The best way to enjoy a private sailing yacht charter is to let the winds take you where they want. This way you will have ideal sailing conditions, extreme fuel efficiency and an awesome feel of nature.

Our Gone with the Wind collection is our collection of mid-size catamarans that are perfect for families and couples as they tend to come in 4 double cabin configurations. All are moderately priced and offer a wide range of amenities. Catamarans offer smooth sailing, exceptional fuel efficiency and interior cabin comfort.

In our Green Luxury Redefined Collection is where you will find our upper end catamarans with fine finishes, dual deck cats and exceptional quality. Don't be surprised to find a sun deck jacuzzi too! These cats compete heavily with our motor yachts as they offer all the amenities of the motor yacht including speed without the high fuel consumptions.

Our Green Luxury Collection is our collection of boutique sailing yachts. These yachts offer fine interior finishes, top of the line quality construction, excellent fuel consumptions and speed. They are priced in the upper mid-market price category and offer up to 3 matrimonial beds and one Twin cabin. All the yachts within this collection travel around the world.

In our The More the Merrier Collection you will find our motor sailers. A traditional Pirates of the Caribbean hull design perfect for large groups and big families. They offer exceptional amenities, cabin comfort, moderate pricing for groups of this size and best of all they offer moderate fuel consumptions.

Below rates are NOT inclusive of **Charter Extras (CE)**; APA (30% of charter value), VAT (7-10% of charter value), Re-positioning (if applicable), entry visas or customs clearance (if applicable), fuel costs for selected itinerary, crew gratuity and other costs associated with your charter. Need to Know

There are important items that you need to know before you decide to embark on your journey. Having an understanding of these key points makes all the difference in the world.

Itinerary & Weather

Freedom of choice is the key characteristic in a private yacht charter itinerary but hold on - you still have mother nature to answer to. All itineraries are subject to weather conditions, port authorities and Captain's approval.

Taxes

All charter tax or VAT is subject to governmental regulations. In the unlikely event that a charter tax increases within a 6 month period from the charter contract or charter embarkation date, the charterer will be responsible for the increased tax requirement. Charter tax in the Mediterranean ranges from 7% Greece to upwards of 20% in some destinations.

Fuel

Fuel consumption is the largest additional cost after the charter cost. Different yacht classifications have different consumption levels. Itinerary also plays a major role in fuel consumptions. Your charter specialist will provide you with fuel estimates once a yacht is contracted and an itinerary established.

Marina Fees

Marina Fees in destinations such as the South of France & Amalfi Coast can be excessively high and should be taken into consideration for overall planning costs.

What you can expect to experience.....

An island and coastal experience. If you are seeking Old world charm infused with history, culture, fine dining, fine shopping and exquisite islands then Italy is your destination. A yachting experience in Italy in a word - *Stylish*

Primarily a coastal journey. The place to travel if you are seeking a Jet-set experience with lots of people watching, quaint harbors filled with mega yachts.
